CERTIFIED ORGANIC COTTON FUTONS

Organic cotton futons breathe, which helps eliminate moisture retention and allows the mattress to remain dry or to dry quickly, thus avoiding the possibility of mould or mildew developing. This 'breathing', together with the soft Suede Certified Organic Flannel fabric covering also reduces dust mite problems (these annoying and allergy causing little creatures prefer warm, moist conditions). To allow for proper breathing the futon mattress should always be placed on a slat bed base.

A Certified Organic Cotton Futon retains its natural state allowing skin to breath which encourages a deeper and more restful nights sleep. Your family will thank you for it! Made with our 100% Certified Organic Cotton Org-Suede 280 fabric and filled with 100% Certified Organic Cotton. Our deluxe futons are approx. 20cm in depth. Cot sizes approx. 10cm depth.

ORGANIC COTTON FUTON MATTRESS SIZES: Single (910×1900), Double (1370×1900), Queen (1510×2030), King (1830×2030), King Single (1070×2030), Single Long (910×2030).

ORGANIC COT FUTON SIZES: Cot 69 (1300×690), Cot 75 (1310×750), Cot 77 (1320×770), Cot Leander (Oval).

We always recommend that you use an Organature 'Org-Suede Flannel', machine washable, futon cover or mattress protector. They are really easy to fit and are designed exactly the same as a fitted sheet and come in all the above sizes.
